	ance		IIIaliuii

We use the daily balance method to calculate interest on this account. This method applies a daily periodic rate to the principal in the account each day. We will use an interest accrual basis of 365 (or 366 in a leap year) for each day in the year. You must maintain a minimum average daily balance of \$1,500 to obtain the disclosed annual percentage yield. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

Limitations

Withdrawal Limitations are as follows: This is a Negotiable Order of Withdrawal (NOW) Account.

Fee Information

See attached Additional Account Fee Schedule for more fee information, including overdraft protection.
