Community and philanthropic support:

We're proud of our history as a community bank and are dedicated to making a difference in the places where we live and work. From the foothills of Pennsylvania's Allegheny Mountains, to the vibrant neighborhoods of Columbus, Buffalo and Pittsburgh, to the Indiana heartland, we get involved. We contribute to the mission of organizations throughout our footprint. And our employees lead and volunteer for causes and projects that are meaningful to them, making a positive impact throughout our communities.

Annual Community Donations

Does not include all donations made at the local level
