

Personal Savings

You can't predict the future. But you can prepare for it.

Whatever you're saving for, our accounts can get you there faster.

Statement Savings Account*

Protect, save and grow your money with a competitive rate of interest. Make unlimited deposits and withdrawals with no withdrawal penalty. Interest is compounded and paid monthly. It takes just \$50 to open and a \$100 minimum average daily balance to earn interest.

Money Market Deposit Account*

A great alternative to a statement savings or interest checking account. The bigger your balance, the more interest you earn. You'll avoid a monthly service charge with just a \$2,500 minimum average daily balance.

Holiday and Vacation Club Accounts

Saving for big expenses can be tough on your budget. A club account helps you save a little bit at a time so you can manage regular expenses throughout the year and still be prepared for big events.
