

Enrolling in Text Banking

Online Banking Guide

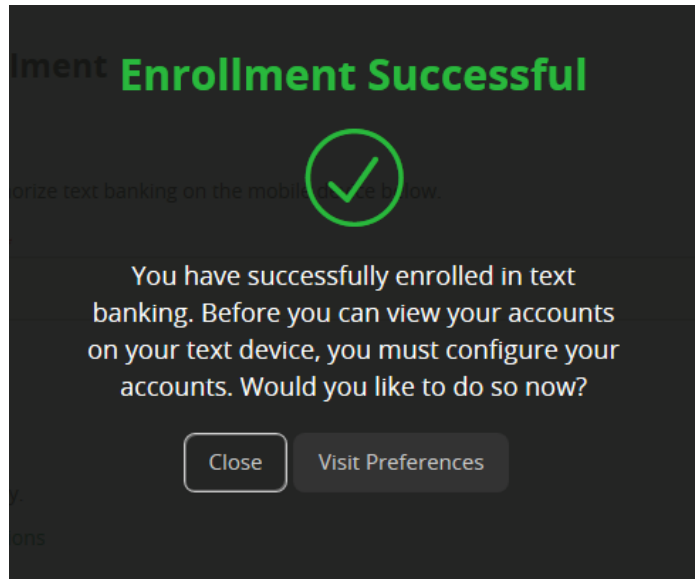

1. From the Home page, go to **Services**, then **Text Banking**.

2. Here, you can turn Text Banking on. Toggle on and enter the phone number you would like to enroll in Text Banking. Agree to the Terms and Conditions and click **Save**.

- After saving, you'll receive a confirmation message that enrollment was successful. This message will also indicate that you must configure the accounts you wish to be enabled for Text Banking. Click the **Visit Preferences** button to be redirected to the Account Preferences tab to configure your accounts. You can also access this page directly from the menu on the left hand side of Online or Mobile Banking.

- Check the appropriate box(es) for the account(s) you wish to enable Text Banking for. Create nicknames specific to Text Banking and set the display order for your accounts. Click **Submit**.
