Northwest Mobile Banking
Using Bill Pay and Popmoney

Our updated mobile bill pay feature comes with some useful enhancements, like Popmoney and the ability to edit existing payees to make your financial life even easier. Follow this easy how-to guide below to take advantage of these new, enhanced features.

Bill Pay
Make paying your bills even easier with our integrated bill pay option. Add payees, schedule payments and more.

To add payments for an existing payee:

1. Tap Send Money.
2. Tap Select your contact.
3. Select your payee.
4. Tap Amount.
5. Enter the amount and tap Continue or Done.
6. Tap Deliver By.
7. Select the payment delivery date.
8. Tap the delivery option listed. In this case, it would be Paper Check.
9. From the Send Money screen, tap Review.
10. After verifying the payment details, tap Pay to finish processing the payment, or Edit to make changes.
11. Tap Done to close out of the confirmation screen or Add Autopay to set up recurring payments.

Northwest Bank is Member FDIC. Equal Housing Lender.
To review recent payments.

1. Click Payment Activity.

2. From the Payment Activity screen, the payment can be edited or cancelled.

To add payees in bill pay.

1. Click Manage Contacts.

2. Click Add New Contact.

3. Enter contact name and click Next.

4. Click Add as Company or Add as Person.

5. Complete all required fields and click Next.

6. Complete address info and click Next.

Please note: A person can be any individual, like a friend or family member. A company can be any business entity.
